

Agile Project Management

As the UK's leading accredited training provider of AgilePM® and PRINCE2® accredited qualification courses, QA offer course that are certified by both industry leaders
APMG International and Axelos.

What is Agile Project Management?

If projects are often over-time or over-budget with poor product quality and high maintenance costs, then Project Managers may need to become Agile. Our Agile Project Management courses ensure you can implement an agile mind-set effectively to benefit existing and future projects.

QA Authored

Looking for the first steps in your Agile Project Management journey?

Our QA Authored courses, designed and delivered by our world-class experts and learning professionals, are the perfect foundation for your Agile Project Management development journey.

Managing Agile Projects

This two-day course provides delegates with a thorough understanding of how to structure, plan and control their projects using a best practice Project Management methodology blended with a range of Agile techniques. Course code - **PPMMAP**

Choose your Agile Project Management path
