

# EC-Council

EC-Council is a world leader in the provision of IT Security courses, Information Security certifications and training programmes. QA is proud to have won the EC-Council Circle of Excellence Award for four years running (2015, 2016, 2017 and 2018).

QA provides the most complete EC-Council curriculum in the UK, with the most certified EC-Council instructors.

## Classroom Training

**Certified Ethical Hacker V10 (ECCEH10)** - The CEH credential certifies individuals in the specific network security discipline of Ethical Hacking from a vendor-neutral perspective. This course includes the CEHV10 (ANSI) exam voucher and CEHV10 iLabs (post course access).

**Certified Ethical Hacker V10 Practical Exam (ECCEH10PRAC)** – CEHV10 (Practical) is a six-hour, rigorous exam that requires you to demonstrate the application of ethical hacking techniques. This is the next step after you have attained the highly acclaimed Certified Ethical Hacker certification.

**Certified Ethical Hacker V10 Masterclass (ECCEH10MC)** - This bundle includes the CEHV10 course (ANSI), the CEHV10 (ANSI) exam voucher, CEHV10 Practical exam voucher, CEHV10 iLabs (post course access).

**Certified Chief Information Officer CICISO (ECCCISO)** - This course is designed for the aspiring or sitting upper-level manager striving to advance his or her career by learning to apply their existing deep technical knowledge to business problems.

**Certified Network Defender (ECCND)** - Certified Network Defender (CND) is a vendor-neutral, hands-on, instructor-led comprehensive network security certification training program. It is a skills-based, lab intensive program based on a job-task analysis and cybersecurity education framework presented by the National Initiative of Cybersecurity Education (NICE).

**Certified Security Analyst (ECCSA)** - While the Certified Ethical Hacker certification exposes the delegate to hacking tools and technologies, the Certified Security Analyst course takes it a step further by exploring how to analyse the outcome from these tools and technologies.

**Computer Hacking Forensic Investigator (ECCHF1)** - The CHF1 program is designed for all IT professionals involved with information system security, computer forensics, and incident response.

## Online Learning

For individuals, taking an online course allows you to train without leaving your home or office, reducing expenses and making it easier to fit into working life. QA offer the following EC-Council online learning courses:

- Certified Ethical Hacker v10 (CEH) online course (ECCEHEL)
- EC-Council Certified Application Security Engineer (CASE) Online course (ECCASEEL)
- EC-Council Certified Incident Handler (ECIH) Online Course (ECECIHEL)
- EC-Council Certified Network Defender (CND) Online Course (ECCNDEL)
- EC-Council Certified Security Analyst (CSA) Online Course (ECCSAEL)
- EC-Council Computer Hacking Forensic Investigator (CHFI) Online Course (ECCHFIEL)
- EC-Council Core Concepts Online Course (ECECCCEL)
- EC-Council Certified Chief Information Security Officer (CCISO) Online Course (ECCISOEL)

### Convenient & Flexible Learning Options

#### Instructor-led Classroom

Join an EC-Council course at one of our nationwide training centres for an interactive, hands-on learning experience.

#### Attend from Anywhere

Can't make it to a training centre? You can join the class virtually from the comfort of your own home or office, without losing the classroom experience.

#### Online Learning

Learn at your own pace and in the location of your choice with interactive, self paced online e-learning. The complete virtual classroom.

## Why Choose QA?

- QA provides the most complete EC-Council curriculum in the UK, with the most certified EC-Council instructors.
- QA has won the EC-Council Circle of Excellence Award 3 years in a row (2015,2016,2017).
- QA have more accredited professionals with real-world experience than any other training provider – we have over 25 trainers dedicated to teaching you cyber security skills.
- Our unique Cyber lab facility provides immersive learning and hands-on practice to perfect defence.
