

# Scrum Alliance

As an accredited Scrum Alliance registered partner, QA has a wide range of Scrum Alliance courses to choose from.

## Certified Scrum Master® CSM®

Course code: PPMSASCM

As a Certified Scrum Master® (CSM®), you'll help the Scrum Team perform at their highest level. CSM®s also protect the team from both internal and external distractions. Through the certification process, you will learn the Scrum framework and gain an understanding of team roles, events, artefact's and rules.

**Duration: 2 Days**

## Certified Scrum Product Owner® - CSPO®

Course code: TPSCRUMCPO

While the Certified Scrum Master® (CSM®) helps the Scrum Team work together to learn and implement Scrum, as a CSPO®, you create a product vision, order the product backlog, and make sure the best possible job is done to delight the customer.

**Duration: 2 Days**

## Advanced Certified Scrum Master® (A-CSM®)

The next step in your Agile journey is to achieve your Advanced Certified Scrum Master® (A-CSM®). Through the A-CSM® course, you'll learn to:

- Facilitate better dialogue between the Product Owner, Team members, customers, stakeholders, and executives.
- Respond confidently when encountering resistance to change and unavailability of key people.
- Increase engagement to encourage greater accountability, commitment, and buy-in.
- Scale Scrum and Agile beyond a single team.
- Distinguish yourself in the global marketplace.

**Duration: 2 Days**

## Certified Scrum Developer® (CSD®)

The Certified Scrum Developer certification is designed for software developers (programmers) who are building software in a Scrum environment. The goal is to expose students to the tools and techniques needed to build good software in iterative and incremental fashion that Scrum requires. These ideas are central to the entire field of Agile software development.
