

VMware Training Courses

We provide a full range of VMware courses, including vSphere, vCloud and vCenter, as well as the full range of VMware certifications - Cloud, Data Center Virtualisation, End User Computing and Cloud Applications Platform.

QA has a team of expert certified trainers, dedicated to providing a supportive learning environment for all attendees. You will acquire valuable skills and learn the latest VMware official course content that maps out to the VMware certification paths, ensuring you get the most from your investment.

QA delivers the most popular VMware courses, across 5 core domains.

Data Centre
Virtualization
Infrastructure

Virtualization
& Cloud
Management
Platform

Security

Why QA?

We work hard to ensure our VMware courses are relevant, effective and engaging and delivered by VMware experts. We consistently receive extremely positive feedback in our course evaluation and have invested significantly in our Virtual Data Center to deliver a high-quality delegate experience.

- QA has 10 VCI's (VMware Certified Instructors) allowing us to run more courses, more often.
- We are recognised as a Premier VMware Authorised Training Centre (VATC).
- QA's Principal Technologist for VMware has won multiple awards for quality of training.
- We offer VMware's full curriculum, giving you the choice, depth and breadth you need to develop your virtualisation skills.

Convenient & Flexible Learning Options

Classroom

Join a VMware course at one of our nationwide training centres for an interactive, hands-on learning experience.

Attend From Anywhere

Can't make it to a training centre? You can join the class virtually from the comfort of your own home or office, without losing the classroom experience.

On-site

If you have a team to train, QA can come to your company's office or site of your choice to deliver the course you need.
