AI Leadership

AI Delivery & Organisational Transformation

Apprenticeship Unit

Lead AI-enabled change from deployment to sustained impact.

What are Apprenticeship Units?

Short, flexible, fully-funded training that builds critical skills at pace.

Why Upskill?

AI value is realised in delivery – without strong leadership of implementation, workforce impact, and operational governance, AI initiatives risk failing to deliver outcomes.

Leaders need the capacity to guide AI-enabled change, manage organisational impact, and sustain performance and governance beyond deployment.

Qualification:

AI Leadership – AI Delivery & Organisational Transformation Level 5 Apprenticeship Unit

Impact:

- Translate AI Deployment into Impact
- Embed AI-Enabled Change at Scale
- Manage Workforce Impact & Readiness
- Maintain Trust, Oversight & Accountability
- Sustain Governance & Performance Post-Deployment

Delivered through live, instructor-led sessions focused on applied discussion, real organisational context, and peer insight.

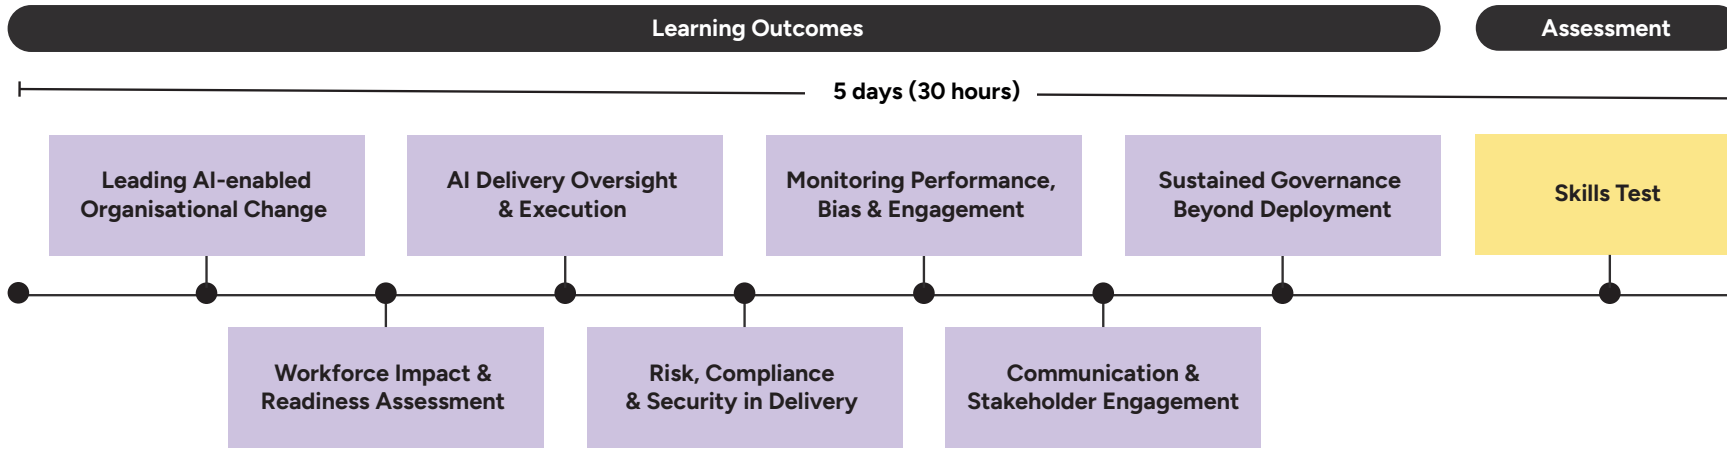

Learner Journey

Develop the leadership capability to translate AI deployment into embedded organisational change and sustained impact.

Explore how Apprenticeship Units deliver fast, targeted, fully-funded upskilling.
