AI Leadership

AI Adoption, Procurement & Governance

Apprenticeship Unit

Adopt AI with confidence, control, and clear accountability.

What are Apprenticeship Units?

Short, flexible, fully-funded training that builds critical skills at pace.

Why Upskill?

AI risk crystallises at the point of adoption – without strong procurement, governance, and assurance, organisations face regulatory, security and reputational exposure.

Leaders need the capability to evaluate AI solutions, make defensible supplier decisions, and establish governance to enable responsible AI adoption.

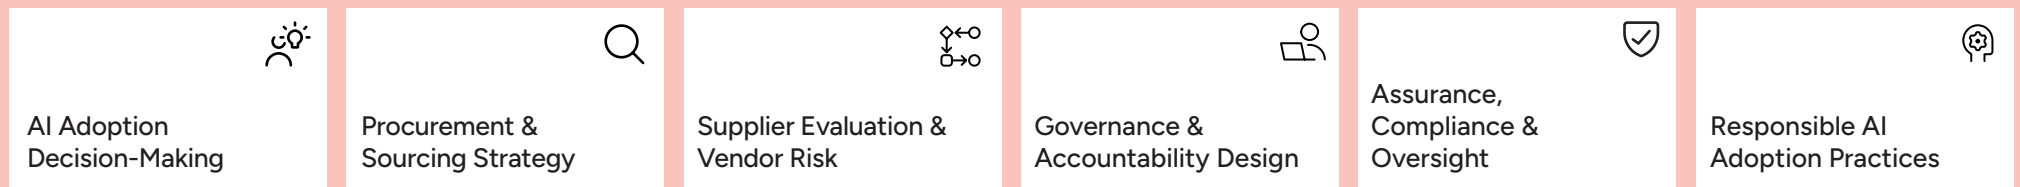

Qualification:

AI Leadership – AI Adoption, Procurement & Governance Level 5 Apprenticeship Unit

Impact:

- Defensible AI Adoption Decisions
- Strengthen Governance & Accountability
- Reduce Regulatory & Audit Risk
- Mitigate Supplier & Security Exposure
- Establish Assurance for Responsible AI adoption

Delivered through live, instructor-led sessions focused on applied discussion, real organisational context, and peer insight.

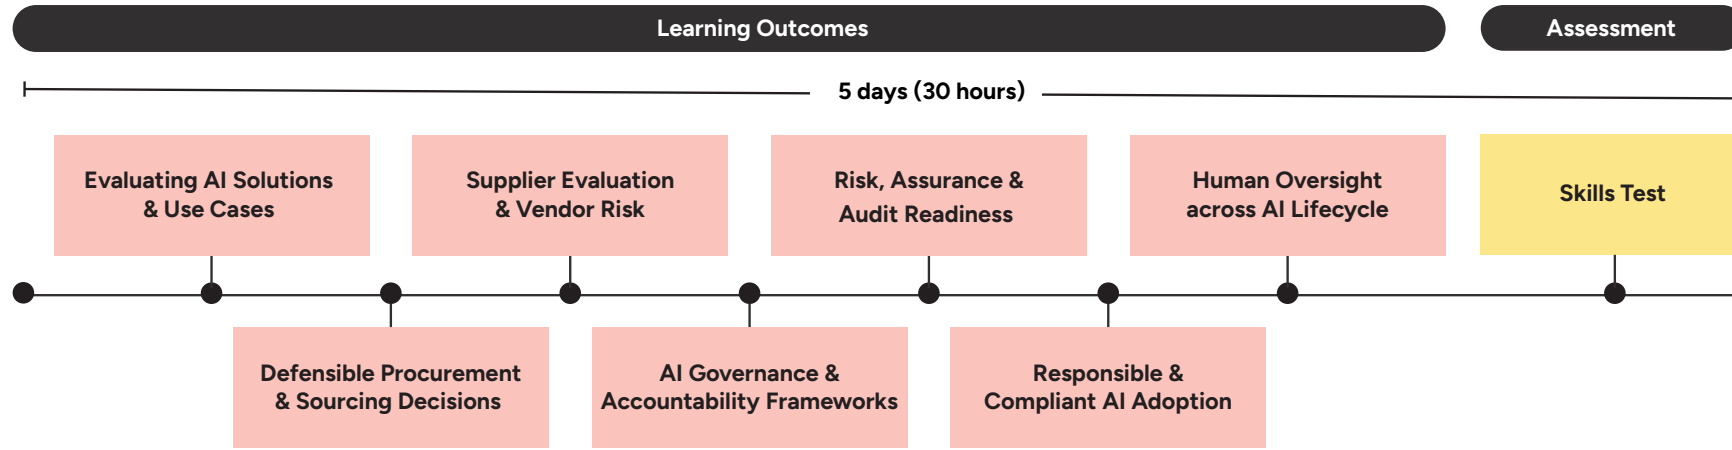

Learner Journey

Build the leadership capability to evaluate AI solutions, make defensible procurement decisions, and apply robust governance in practice.

Explore how Apprenticeship Units deliver fast, targeted, fully-funded upskilling.
